We can count on Bachelor Controls to solve our IT issues. From individual computer troubleshooting to large-scale network infrastructure improvements, their IT specialists respond quickly, handle issues professionally and exhibit excellent technical skills.

Lora Key
Chief Operating Officer

Bachelor Controls, Inc.

Systems Integration for Manufacturing

Project Summary

Information systems infrastructure and integrity take on great importance in the health care environment, especially with the introduction of HIPAA compliance issues in the IT environment. Bachelor Controls (BCI) understands this and provides a full range of network and IT support services for one of the premier community health systems in Northeast Kansas. Sabetha Community Hospital is a 25-bed, critical access hospital providing acute care including obstetrics, skilled care, home health and a broad range of outpatient services.

Network and IT Services

Bachelor Controls is responsible for network and IT support services, including

- Network documentation
- Network mapping and wiring
- LAN/WAN modeling, design and implementation
- High-speed T1 line implementation
- Network troubleshooting and remediation
- Backup / Disaster recovery and planning
- Security:
 - Intrusion detection and content filtering
 - Server lockdown, access control, antivirus
- Server consolidation, selection and configuration
- RAID design, configuration, and implementation
- MS Windows implementation and integration
- MS Exchange Server:
 - Planning, implementation, support
- Virtual Private Network (VPN) implementation
- Firewalls/Proxy Servers
- Internet content filtering
- Remote-access configuration and support
- Wireless connectivity
- PC installations
- Software installation
- Help Desk support
- Third-party facilitation / software support
- IT / Software training
- HIPAA compliance

As healthcare IT issues become more and more complex, I feel comfortable knowing that Bachelor Controls is there to guide our organization in making sure we have the most cost-effective, reliable and HIPAA-compliant systems available.

Rita Buurman
Chief Executive Officer

Additional Info

The Sabetha Community Hospital campus includes the Sabetha Family Practice and Nemaha County Home Health and Hospice. BCI provides IT services for all facilities.
